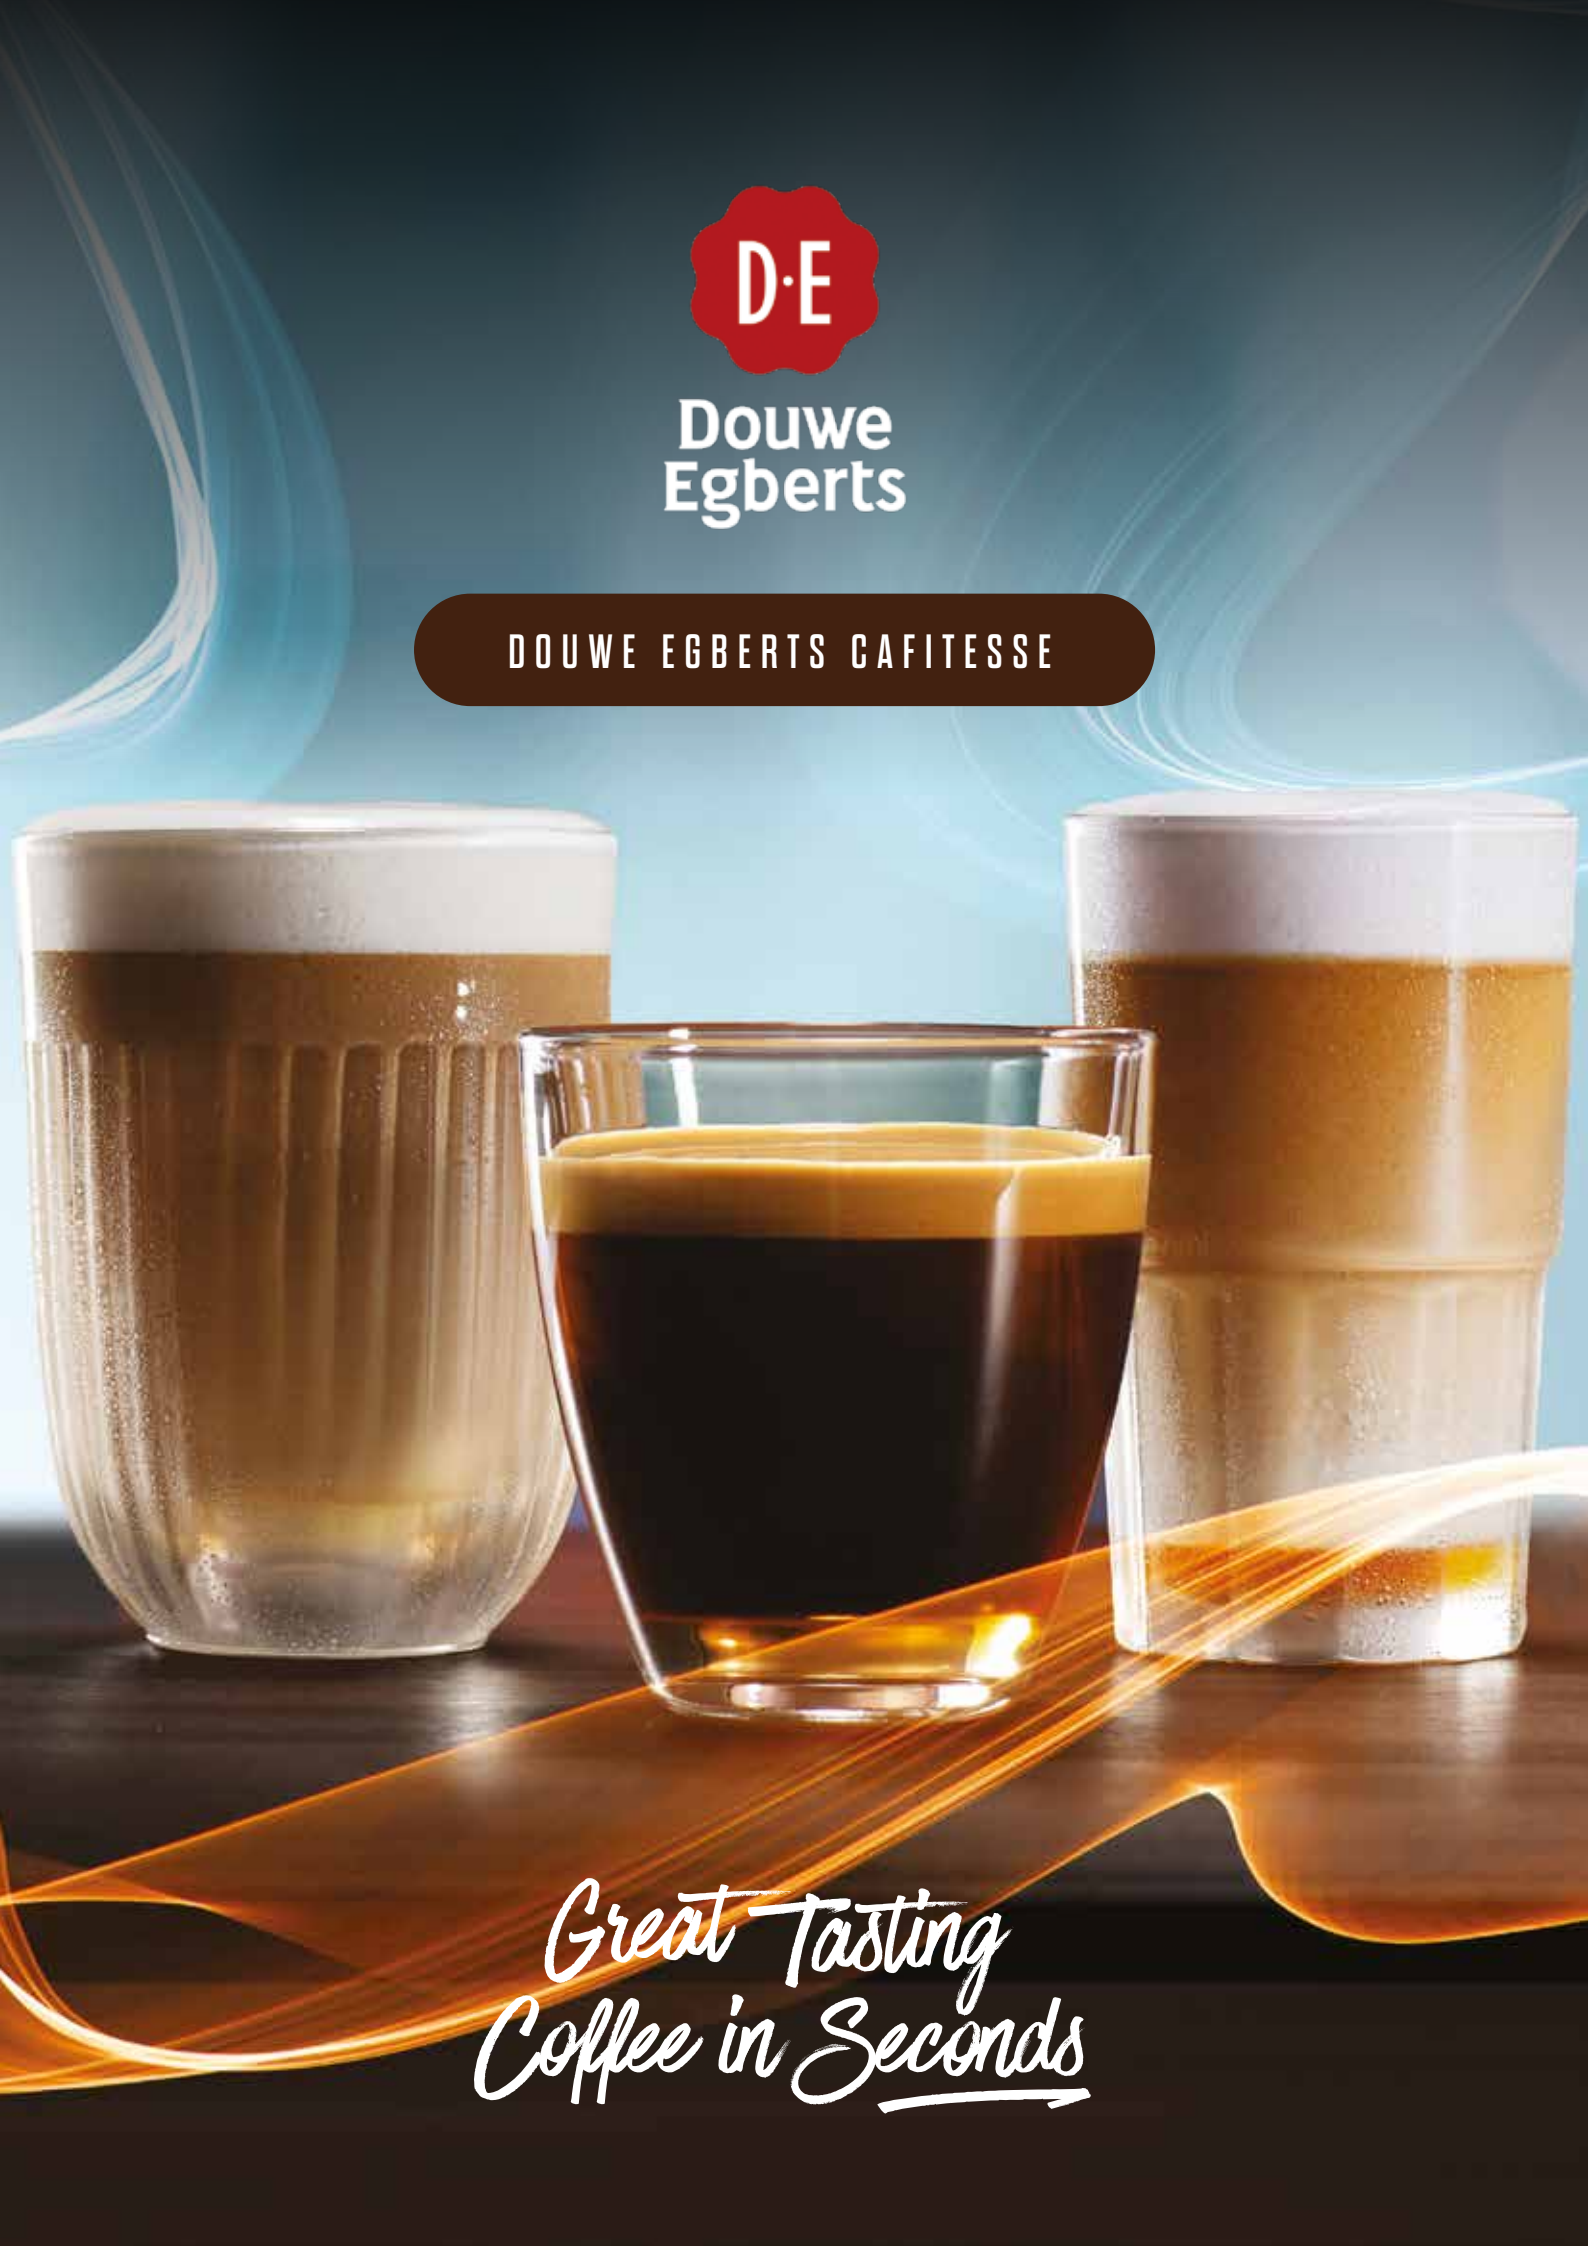
Douwe Egberts

DOUWE EGBERTS CAFITESSE



Great Tasting Coffee In Seconds

Since 1753, Douwe Egberts has brought people together over quality coffee and knows the importance of meeting customer needs, even as those needs change.

Douwe Egberts Cafitesse coffee machines offer convenience, high-speed, self-service dispensing coffee at the touch of a button, for a consistently great taste, cup after cup.

Our speedy, reliable, and user-friendly coffee machines will keep your guests, staff and visitors enjoying drinks whilst you stay busy with your work.

Choose from a delicious selection of Douwe Egberts coffees. Whatever your Douwe Egberts Cafitesse needs, Cafitesse offers a range of quality coffees that create a lasting impression and taste great.

Available in over 65 countries worldwide, Douwe Egberts Cafitesse machines serve over 2 billion cups every year.

Great tasting coffee, unbeatable convenience

Douwe Egberts Cafitesse machines are high-speed, self-serve coffee machines, dispensing great tasting, consistently quality coffee, cup after cup.

Our Cafitesse machines can deliver up to 600 cups per hour[1] making Cafitesse perfect for high demand usage, all day long.

Easy to use, easy to clean

Additionally, Cafitesse is simple to operate with a hygienic, easy refill system, as well as simple and fast cleaning, meaning less work for you and your staff – so you can focus on what matters most.

Full of flavour – no mess, no waste[2]

Sourcing coffees from around the world, Douwe Egberts Cafitesse is pure coffee that is roasted and brewed to create perfectly balanced blends full of flavour – a consistently great tasting coffee dispensed in every cup, without the mess or waste caused by used coffee grounds.

Cafitesse is made from high-quality beans; roasted and brewed to develop pronounced flavours. Cafitesse captures all the flavours and precious aromas to deliver a consistently delicious coffee, every single time.

1. Applicable to our Douwe Egberts Excellence Touch/Quantum machines, based on the dispense of black coffee, and a 150ml cup. 2. No coffee ground waste.

Douwe Egberts Cafitesse Roasts

Roasted to perfection

Douwe Egberts Cafitesse coffees are expertly created for optimal flavour and consistent cup quality. With over 60 years of experience, Cafitesse has perfected the art of creating consistent coffee.

Cafitesse offers a selection of coffee roasts, a Café Milc and a delectable hot chocolate. All created to leave your guests with a lasting positive impression.

Medium ROAST

The medium taste balances character and intensity with precision for widespread appeal.

A well-rounded coffee with a medium body and soft notes of fruit and grain, with a slightly roasted aftertaste.

An ideal blend for those who enjoy a latte, cappuccino, macchiato or black coffee.

Available in 1.25L and 2L. Medium

Strong ROAST

The dark and extra dark taste profiles highlight coffee's deep and distinct side and are an excellent match for consumers who enjoy a bold and intense flavour profile.

A robust, full-bodied blend with a smoky, woody character enriched with spicy nuances.

A blend perfect for making milky, espresso-style drinks such as a latte, cappuccino or macchiato.

Available in 2L. Dark

Intense ROAST

An intense, full-bodied 100% UTZ Certified blend of Arabica with rich notes of caramel and dark chocolate complemented by a soft fruitiness.

Perfectly tailored for those who prefer strong coffee or espresso-style drinks with milk.

Available in 1.25L and 2L. Dark

Decaf ROAST

This taste profile is a favourite amongst consumers who prefer delicate and mild coffees; with a crisp, fresh, soft, fruity and malty flavour profile.

A balanced coffee with a soft, fruity, and light malty character and all the flavour traditionally found in a medium roast but without the caffeine.

Available in 1.25L. Medium

Cafe MILC

Café Milc is the perfect match for all Cafitesse blends. Saves storage space with ambient and concentrated format (1 pack of 2L serves 100 cappuccinos).

The unique refill system creates ease of use whilst saving time on cleaning.

Available in 0.75L and 2L.

Hot CHOCOLATE

Cocoa Fantasy offers a rich milk chocolate taste and a good balance of sweetness. Simply a deliciously creamy cup of hot chocolate and the perfect base for a mocha.

Available in 2L.

Cold COFFEE

Our trusted Cafitesse coffees just got a little bit cooler with everyone's chilled favourites at the touch of a button.

Hot N Cold

A full coffee shop experience at the touch of a button

Cold drinks have never tasted so good. Offer fast variety… almost any way you want it. Douwe Egberts Cafitesse now offers cold coffee along with the great tasting hot coffee from the brand you trust. Give your employees & guests a perfect cold coffee experience. Your customers can even adjust the strength and milk to their preferred taste, at the touch of a button!

STRIVING TOGETHER ON COMMON GROUNDS

Our Douwe Egberts Cafitesse blends are made from beans sustainably sourced through our Common Grounds programme, ensuring responsible sourcing, minimising our footprint and connecting people.

OUR COFFEE ROASTERY

We roast, grind and brew our Cafitesse coffee, maximising the yield from every bean to use resources efficiently.

OUR BATTLE AGAINST WASTE

As our coffee is brewed in the roastery, **coffee grounds** stay there to generate energy for the production process and do not go to the customer. Even the wastewater is used to generate energy.

OUR PACKAGING

One pack of Cafitesse coffee can serve **~400 cups***. You would need at least 4 packs of coffee beans for the same number of cups.

*Based on 2L pack, average settings and 125ml cups

HOTELS & CRUISE

Your guests demand...

- A cup of coffee that rivals the luxury of a Barista brew
- The choice of beverages they would expect to see on any cafe menu
